

“InnoPower@JC: Fellowship for Teachers”: Invitation to apply for the Teacher Fellowship programme (second cohort)

Initiated and funded by The Hong Kong Jockey Club Charities Trust with Ednovators as a Lead Partner, “InnoPower@JC: Fellowship for Teachers” is a four-year programme that aims to nurture the innovative capacity of teachers and supports them to take on innovative initiatives that will benefit their schools.

With support from their principals, buddies as well as a community of supporters connected through the Programme, the inaugural cohort of Teacher Fellows have completed their 10-week sabbatical programme and are getting ready to implement their innovative project in their school.

You too can join this community of Teacher Fellows and realise your dream in education. To be eligible, you must be passionate and innovative and must be supported by a team of two fellow teachers who agree to be your buddies.

If you are successfully selected as a Teacher Fellow, you will attend a 10-week sabbatical programme from April to June 2018, of which 8 weeks are to be conducted in Hong Kong and 2 weeks overseas, providing you a break from your teaching duties to focus on your own development and capacity building. Your buddies will also be invited to join the 2-week overseas programme and selected sessions in the 10-week programme. After that, you will receive support to turn your ideas into reality in the 2018-19 school year. Together, you and your Buddies will become members of a community of change-makers who support each other to co-create and promote innovative ideas and to make improvements in education.

Please visit our website at <https://jcinnopower.hk/teachers> for details and for application procedures. We will be happy to provide you further information, so please contact us via email (teacherfellows@ednovators.com), or call or message us on 5460 5829.

We hope you will consider this unique opportunity to make change to your career, your school, and your students.
